**Complete 3 or more of the tasks below and share with your class teacher – you will earn House Points for your team!**

Task	Step by Step	How to achieve success for this task	Extra Challenge	English / Maths Links
History: Research a local hero.	We are learning about Cyrille Regis and Sister Dora. Who else is a local hero to you? Find out about them and why you think they are a hero.	Make a presentation about your hero. This could be a poster, a booklet or on the computer. Who are they? What did they do? Why are they a hero?	Can you present to the class about your chosen hero?	Writing skills
Music: Find some interesting sounds around your house.	Can you make a song of your own using items from around your house? What different ways can you make sounds with the things around your home?	Record yourself making a tune using different items from around the house and upload it to the classroom.	Can you teach the class how to play your tune?	
RE: What is something that is important to you?	We are learning about why Easter is important in RE. What is something that is important to you? Why? It could be a special day, item, person or place.	Find a way to share some information about your special something with the class. This could be a picture, some writing, a video - it's up to you!		Presentation skills Sentence writing
Art: Create an African Art piece.	Could you find some African art pieces online? Explore copying some of the geometric repeating patterns and then have a go at making your own.	Create one of your own colourful pieces using a repeating pattern.	Create a presentation on the things you found out about African art.	Presentation skills

Science: What can you grow at home?	Explore planting some seeds to see what they turn into when growing.	Take a picture each week of your plant growing and share it with us!	See what happens if you put a plant in the dark - does it still grow?	Presentation skills
